

FOOD HANDLERS:

Avoid food handling when you have the following symptoms.

- Diarrhea
 - Vomiting
 - Sore throat with fever
 - Persistent coughing, sneezing or nasal discharge
 - Wound containing pus upon your fingers, hands, wrists
 - Yellowish eyes or skin with dark colored urine
- Report any of these symptoms to your manager immediately.*

Workers that handle food must wash their hands as frequently as necessary. Disposable gloves may be used but shall not substitute for hand washing.

The use of tobacco in all forms is prohibited in the food preparation or service areas.

Workers shall not eat or drink in the food preparation or service areas.

Hair restraints and clean clothing are required of persons doing food preparation. Food handlers are not permitted to wear ornate hand jewelry.

Unauthorized personnel such as small children are not permitted in booths.

BARE HAND CONTACT:

Bare hand contact of ready to eat food by workers is not allowed.

Ready-to-eat food includes any food, fruit or vegetable product that is edible without washing, cooking, or additional preparation by workers and is reasonably expected to be consumed in that form.

Avoid touching food with bare hands by using utensils, disposable gloves, deli tissue or other suitable methods.

**Temporary Food
 Establishment
 Guide**

PERMIT INTENT & TERM:

A temporary food establishment permit allows food service operations under reduced requirements for not more than 14 consecutive days in conjunction with a single event, promotion or celebration.

PERMIT REQUIRED:

Persons vending food or beverages or offering samples of such products must secure a Fort Worth Consumer Health Division temporary permit prior to operation.

A temporary permit is required for food service conducted *outside or off-site* of retail food establishments permitted for year-round or seasonal operation.

Permits from other health authorities are not acceptable.

Illegal, unpermitted food vendors will be subject to immediate closure and fines.

Vendors handling only commercial pre-packaged, shelfstable, non-potentially hazardous food products do not need a temporary permit.

FEES:

For each stand the fee is \$50 for the first day **plus** \$15 for each additional day. Permits must be purchased 3 business days before the event or a \$20 administrative fee will be required per applicant.

FOOD HANDLER CERTIFICATES:

All temporary event food workers shall obtain a food handler's certificate before working at the event. A schedule may be obtained by calling 817-392-7255. A certified food managers certificate may substitute for this requirement. *Volunteer food handlers performing charitable activities for a period of four days or less are exempt. Proof of chartered under the Texas Non-Profit Corporation Act and/or a 501-C exemption from the IRS must be presented at the time of application.*

CONSTRUCTION OF STAND:

All stands must have a suitable tight-fitting, water repellent roof or ceiling to provide for overhead protection of food preparation, cooking and serving areas.

All stands must have approved flooring, which

includes concrete, asphalt or tight-fitting plywood or other similar approved material.

If full walls and screening are not provided, other suitable methods of protecting food from contamination, such as containers, covers or wrappings must be used.

Adequate covered receptacles for disposal of solid waste must be provided.

Adequate toilet facilities must be accessible for workers.

WATER SUPPLY & WASTE WATER DISPOSAL:

Potable water shall be from an approved source and must be kept onsite in sufficient quantities for each day's use.

All waste water generated from the temporary food establishment (*from beverage dispensers, sinks, steam tables, ice melt, etc.*) shall be disposed into the sanitary sewer system or approved onsite sewage system.

UTENSIL WASHING FACILITIES:

Those stands that do not have 3-compartment sinks with hot and cold running water must provide the following:

Three (3) sturdy plastic or stainless steel containers sized to immerse all items will be provided for utensil cleaning and sanitizing using the following three step process.

Step 1. One container shall be used to wash (soapy water);

Step 2. One container shall be used to rinse (clean, clear water);

Step 3. One container shall be used to sanitize (liquid chlorine bleach/water solution). Use chlorine test strip to verify proper sanitizer solution strength of 50 to 100 ppm.

HAND WASHING FACILITIES:

Soap, paper towels and a container (5 gallon minimum) with a spigot that remains open freeing both hands to be scrubbed together shall be provided for hand washing.

Containers with self-closing spouts are not acceptable.

A bucket to catch waste water shall be provided.

FOOD PREPARATION:

All food must be from an approved source and/or licensed facility or prepared in the temporary booth. All condiments, including onions, relish, catsup, mustard, mayonnaise, etc., available for customer self-service must be available in single self-service packets or properly dispensed from sanitary dispensers.

An approved source is an establishment that is under inspection and/or licensed by a health authority.

NO food prepared in a private home may be sold or served to the public.

Only single-service, disposable items are to be provided for customer use.

All food, food containers, utensils, napkins, beverage cups, straws and other single service items must be stored at least six inches above the floor and protected from insects and environmental contamination.

All potentially hazardous food products must be stored at 41°F or lower or at 135°F or above. A metal stem thermometer (0°F to 220°F) must be available at the stands that sell potentially hazardous food.
